**PROJECT  
BASIC  
DIFFICULTY**

## The Prayer of St. Francis

This is an ultra simple project. I like it and want to share it. It will look great in your garden next to your meditation bench.

This project was designed originally for Designer version 1.187, but with the advent of changes in test handling in version 3.0 it needed to be reworked. So if you are using the basic designer software use the first file listed, but for version 3 and above use on the the other two. 3-16 uses the 1/16 carving bit and 3-32 uses the 1/32" carving bit. I recommend the 1/32" bit for this project.

Designed by Cfint's Custom Carving

### Materials List

#### Project Files

Prayer\_of\_St\_Francis.  
Prayer\_of\_St\_Francis\_3-16  
Prayer\_of\_St\_Francis\_3-32

clear pine

#### Materials:

sanding mop 6" 220grit  
pre-stain wood conditioner  
penetrating stain  
exterior urethane

#### Hand Tools:

none

#### Power Tools: (optional)

table, miter, or radial arm saw

### RESOURCES...

There are numerous resources for the CarveWright/CompuCarve owner to make their experience with these machines much more enjoyable.

Every owner should join the CarveWright User Forum (<http://forum.carvewright.com/index.php>) where fellow users share their experiences and knowledge with these machines on a daily basis. It is a FREE service that you will surely appreciate. A handy Search Feature helps you find answers to any questions you may have.
